DETAILED ACTION

Allowable Subject Matter

1. Claims 1-13 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art search did not disclose a data communication system having a data sending terminal which sends data to a network and changes data quality according to the network load and a receiving terminal which accumulates data, performs data quality discrimination and sends an alternative data sending request for data having a quality higher than the received data if the received data does not satisfy a predetermined accumulation quality.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
